

Dear Sir or Madam,

We systematically examine the dynamic developments around the coronavirus from a human as well as from a business perspective with attention and prevention. A daily reassessment of the situation is necessary and long-term valid statements are difficult.

Nevertheless, we would like to inform our customers and partners about maintaining the supply chain at WEPTeCH elektronik GmbH. According to the current state of knowledge, we are able to serve your demands without any restrictions.

In this context, we thank all of our customers and suppliers for the perfect cooperation in this difficult time.

In order to ensure the safety of our employees and our ability to deliver and manufacture, we started to extend our measures:

- Contactless delivery / takeover of mail and goods
- Minimum distance of 1,5 meters between other colleagues
- Adapted shift models (contactless change of shift)
- Separation of departments
- Adjusted cleaning schedule
- Usage limitations for the social area
- Increased use of home offices
- On site appointments just in important cases
- Regular ventilating and hand washing
- Regular disinfection of work equipment / tools

We continue to closely monitor the developments around the coronavirus and their effects. We will inform you immediately if our ability to deliver and manufacture will be affected in the future.

Of course, your WEPTeCH contact person will be happy to answer your questions via the known communication channels such as telephone, email or video call.

Your WEPTeCH team
